What constitutes a farm or ranch? The USDA defines a farm or ranch as any place from which \$1,000 or more of agricultural products were produced and sold, or normally would have been sold, during the reference year.

Agriculture continues as a solid base for the economy of Missouri. The State's 108,000 farms produced and sold about \$7.70 billion worth of crops, livestock, poultry and aquaculture in 2009, down 8 percent from 2008. Livestock and poultry accounted for about 43 percent of the agricultural output, while crops made up the other 57 percent of the total.
